Contact route: each provider's official website → customer service. Ask what authority and documents are needed.

2 · Recurring obligations

Check the payment calendar and authorised bank view for due dates, payment method and failed payments. Keep funds available for:

□ Mortgage □ Utilities □ Insurance □ Childcare / school □ Other essential bills

Payment calendar location: _____ Betalingsservice / standing orders reviewed: _____
Optional savings / ETF contributions: check before pausing; keep essential bills and insurance covered.

3 · Important document locations

Use broad shared-folder or binder labels; confirm you can open them with your own access.

Mortgage / bank papers: _____ Investment / pension statements: _____
Insurance policies / claims guide: _____ Children's savings records: _____
Budget / payment calendar: _____ Powers of attorney / legal documents: _____

Check authorised Digital Post access for public notices; verify e-Boks / mit.dk access separately for relevant private messages.

4 · Emergency priorities

1. **Today:** Cover food, housing and children's needs using funds you are authorised to access.
2. **Within 48 hours:** Check bills due in the next 30 days and automatic payments; contact the bank if access or payment is blocked.
3. **This week:** Contact relevant insurers / pension providers about possible cover and claim deadlines; keep correspondence.
4. **Until clarified:** Avoid rushed investment sales, pension withdrawals or refinancing. Ask the provider or an adviser before major changes.

Danish legal & banking access — verify separately

□ Bank-specific fuldmagt: scope, validity during incapacity, and access to joint versus individual accounts; do not assume marriage grants access.
□ Fremtidsfuldmagt: financial scope, notarisation and activation procedure; confirm who can act and when.
□ Digital Fuldmagt for relevant public services, plus separate Digital Post reading / writing permissions.
□ Each provider's requirements for investments, pensions, insurance and both children's savings; review beneficiaries / will with an adviser. Use your own MitID, never someone else's.

5 · Missing information

Not yet verified: provider names, authorised access, document locations, next bill deadlines and applicable insurance cover.

Next gap to close: _____ Responsible: spouse / me / both By: _____
Dry run: □ Spouse found documents, checked the next payment and located official contact routes. Review after provider or family changes.
